

# Fluorescence Imaging Office Hours

Come and meet your Molecular Probes® representative.

Find out what's new from Invitrogen/Molecular Probes!

Are you frustrated using BrdU?

Try Click-iT™ EdU - a better, faster alternative.

Tired of watching your fluorescent signal disappear?

Try Alexa Fluor dyes & Prolong Gold Antifade.

Limited samples of Click-iT EdU and Prolong Gold will be available

**April 23<sup>rd</sup> from 1-3 pm**  
**Physiology Bldg Ground Floor**  
**(outside the Microscope Facility)**

**Dolores Ciufu, Technical Specialist from  
Invitrogen/Molecular Probes**

 **invitrogen™** & **JHU SOM Microscope  
Facility**
